

# PANDORA'S JUKEBOX

Repertoire 2026

## Sets that hit the mark

We pride ourselves on having one of the most expansive repertoires in the business.

Spanning 9 decades, we are able to tailor the perfect setlists to suit all ages and tastes.

One of the most important jobs of a live band at a wedding is establishing the right tone right from the off so that all guests feel comfortable getting up.

Typically we start with classic Soul & Motown hits (think Aretha Franklin, Earth Wind & Fire, Stevie Wonder etc) to bring together the older and younger generations. Then we'd explore 80s party and disco, with some 90s and 00s throwbacks before building to a big finish with club hits, and huge bangers.

All our couples and clients have access to the 'song requester' app which enables you to categorise our entire repertoire into 'Must Have', 'Yes' and 'Veto'. We then build setlists from those selections. This gives you control over what we play but without ruining the surprise on the day.
